The AIT Course is a comprehensive Certification Course covering all phases of the project life-cycle. You will be taught to apply a suite of specialized technical and managerial skills to initiate, plan, execute and evaluate their own project work and the work of others. All who successfully complete the 12-session AIT Course are immediately admitted to the Institute of Project Management as Certified Project Officers (CPO). They are then Assessed and certified by a Certified Project Trainer for higher level certifications (CPP and CPM).

\$1,250 USD (includes all sessions, certification and all resources)
